BASEBALL™

A FILM BY KEN BURNS

We hope you had a chance to join us last evening for our preview of BASEBALL, Ken Burns's upcoming series on this uniquely American sport. If you were not able to join us, we wanted to remind you that BASEBALL will premiere on September 18th on PBS. BASEBALL was produced by WETA with major grants from the National Endowment for the Humanities, the Public Broadcasting Service, and General Motors Corporation.

We are very proud of this series, but know that our support would not have been possible without your strong leadership and work on our behalf. Recognizing the role that you have also played, we are enclosing a few reminders of BASEBALL made possible through the generosity of Elektra Nonesuch Records, The Upper Deck Company, and the Coors Brewing Company.
